PROSPECTUS

—OF—

SAINT BENEDICT'S COLLEGE, ATCHISON, KAN.

This Institution, under the superintendence of the Benedictine Fathers, is situated on the west bank of the Missouri River, on the Northern limits of Atchison City. It was founded in the year 1859. On the 28th of June 1868, it was incorporated under the laws of the State of Kansas, and empowered to confer degrees and academical honors, and to exercise the rights and privileges common to other Literary Institutions in the United States.

The location of the College is delightful and healthy, commanding a magnificent view of the river and the surrounding country. The buildings are large and commodious. The grounds are extensive, and at all seasons afford ample facilities for out-door amusements and healthful exercise.

The railroad system of Atchison is such as to leave but little to be desired, since not fewer than eight separate railroads center, and have their termini in Atchison. This facility of reaching Atchison makes the College readily accessible from all the surrounding States and Territories.

The object of this Institution is to impart to young men a thorough education, which will make them capable of filling any situation in life. The course of instruction is conducted by Professors thoroughly acquainted with whatever appertains to mercantile or business transactions, and we are happy to state, that parents living in the great Western States are no longer

compelled to send their sons East for educational purposes, as this brings the opportunity to their doors.

For the purpose of improving themselves in public speaking and for the discussion of subjects relating to the Laws of Nature, Ethics, &c., &c., the students form Literary Societies, provided with a well-selected library, to which they have access during leisure hours.

To excite a laudable emulation, the places obtained in the several classes are proclaimed at the end of every month, and printed certificates of honor are given to those who have most distinguished themselves during the month, by diligence and good conduct.

At the expiration of every quarter, bulletins are sent to parents or guardians, to inform them of the health, conduct, and proficiency of their sons or wards.

But to cultivate the heart, to form and cherish good habits, to prevent evil ones, in fine, to exercise a truly paternal care over the morals of the pupils, no less than over their intellectual and physical development, are paramount duties, kept constantly and sacredly in view by the Fathers.

SYSTEM OF INSTRUCTION.

The plan of instruction embraces two regular and distinct courses—the Classical and Commercial. The Classical includes the full course of studies as laid down below. The Commercial comprises the same with the exception of Latin and Greek.

For the convenience of those who prefer limiting themselves to the common branches of a business education, the course may be reduced to the following branches: Penmanship, Arithmetic in full, Book-keeping, English Grammar and Commercial Law. (German optional.)

For those aspiring to academical degrees, a sixth class is added for Mental Philosophy, Natural Theology, and Higher Mathematics.

There is besides a preparatory department, in which Spelling, Reading, Writing, and the Elements of Arithmetic, History and Geography are taught.

GENERAL REGULATIONS AND SPECIAL DIRECTIONS.

The Academical year consists of two Sessions of five months each ; the first beginning on the first Monday of September, and ending on the first of February ; the second beginning on the first of February, and ending about the last of June, with a public exhibition, the conferring of Diplomas and Degrees and the Distribution of Premiums.

Toward the end of January and June, there is a private examination of all the classes. At any time during the year, and particularly at the examinations, if any one is found capable of passing to a higher class, he will be promoted.

When a student presents himself for admission into the College he is examined and placed in the classes for which he is adapted.

No one will be admitted unless he can give satisfactory evidence of his moral standing. Those coming from other institutions must produce a satisfactory recommendation from the President of such institution. *No one will be received for a shorter period than one session—five months.*

As the members of the Faculty profess the Catholic religion, the exercises of religious worship are Catholic, but members of any other religious denominations are received, provided they be willing, for the sake of order and uniformity, to be present, with propriety, at Divine worship in the institution.

No student will be permitted to leave the College on visits of any length, except at the great vacation—July and August—and from the twenty-second day of December to the third of January, if such be the wishes of his parents or guardians.

No one will be allowed to leave the precincts of the College, except in company with a Tutor or Prefect, unless the President or his substitute deems otherwise.

All letters, papers, books, etc., sent or received by students, are subject to the inspection of the President or his substitute.

The use of tobacco is positively prohibited. Those who will not stop chewing will not be admitted.

Violations of the established discipline of the College are suppressed in a mild but effectual manner. Should any student

prove refractory or immoral, in spite of all efforts to correct him, he will be sent back to his parents or guardians.

Students whose parents live in the vicinity of the College, are allowed to visit them once a month.

Parents or guardians that wish to send their children or wards to this Institution, are most earnestly recommended to do it as early as possible at the commencement of the first session; and whenever they wish to have their children or wards sent home, especially if it be in the course of the session, they are kindly requested to inform the President or Vice-President of the College by a letter directed to him.

At the end of the second section, timely notice should be given by parents or guardians as to whether their sons or wards are to remain at the College during vacation, or to go home. In the latter case, all accounts must be settled, and money forwarded to defray traveling expenses.
